2nd Community Meeting on 40th & Butler

A follow up community meeting regarding the Milhaus development proposal for 40th & Butler

The owners of the 40th & Butler property (Milhaus Ventures) presented their development plans to the community on January 25. Plans and notes from that meeting are available at www.lunited.org. LU and LC are hosting a follow up meeting *without* the developers to get feedback from the community and determine what our next steps will be. *The development plans will be reviewed by the Zoning Board of Adjustment on March 3rd.*

If you need childcare during the meeting, please RSVP by Feb. 4 to 412-802-7220. If you are unable to attend, you can still submit feedback on the plans by emailing info@lunited.org.

Residents can call Lawrenceville United at 412-802-7220 with any questions or concerns. Meeting notes will be posted on lunited.org.
