Targeting the Outside:

• Have adequate exterior lighting. A motion-sensitive light is recommended for backyards.
• Trim trees and shrubs so that they cannot be used as hiding places for intruders.
• Make sure your door hinges are on the inside.

Windows:

• Most windows can be pinned for security.
• Drill a 3/16" hole on a slight downward slant through the inside window frame and halfway into the outside frame - place a nail in the hole to secure the window.

Alarms:
• An alarm system is excellent for home security. It provides peace of mind to homeowners, especially while on vacation. There is a wide variety of alarm systems on the market.

If Your Home Is Broken Into:

If you come home to find an unexplained open/broken window or door:

• Do not enter - the perpetrator may still be inside.
• Use a neighbor's phone to call police.

Other precautions you should take:

• Never leave keys under doormats, flowerpots, mailboxes or other "secret" hiding places — burglars know where to look for hidden keys.
